

2009 – 2010

Some preliminary additions/changes for this season

We will attempt to run a few extra double elim and/or modified single elimination 9-ball. This may require a small adjustment to the start time and a little later start on the team events, but we feel the feedback from the first one held at LCO was very positive. DR Pool will add an additional \$100 to these events bringing them to \$800 added and \$1000 at LCO.

Partner's and 2-person free rolls. With Mole Lake able to put \$\$\$ directly on players club cards it has added the new and exiting twist of free-rolls. While some will argue that it isn't free, we must require a deposit to ensure participation and this deposit is used for the finals prize fund (\$5 per entry) and taking the remaining \$20 and increasing it to \$40 or whatever amount on your cards.

Photo ID's Everyone is required to have a photo ID in order to participate. The first reason is for us to know who you are and that it matches who you say you are. The second is for you to be able to get a players card which is essential in obtaining sponsorship for the events.

Finals: The finals is the last full weekend of April this year. I have rotated it back and forth recently, but may elect to keep it this weekend. Please plan accordingly.

Two tour stops required. As always, you must play in a minimum of two tour stops To be able to play in the finals. Any Mickey's events or the Olympia Open does not count towards this total.
